

Technology Contracts

2008-2009 Update of Leading Trends

presented by
**LEXPERT
EVENTS**

In response to the demand of recent delegates, Duncan Card has agreed to return to deliver a program specifically devoted to the most recent and important changes in technology transactions. The new normal...

Delegate Comments From 2007

Ultimate Technology Transactions:

"An exceptionally knowledgeable and top-notch presentation, this course is the best out in the market."

"Duncan's advice and methodologies for assessing risk and decision-making are invaluable."

"Duncan's reputation, learning, and experience are definite draws to attend this course."

Special Session:

Privacy and Network Security Exposures and Insurance Solutions

With today's web-based technology and extensive networks vast amounts of sensitive, private information stored in accessible formats can fall into criminal hands by sophisticated hackers or by simple negligence. This session will discuss the potentially devastating result of data and privacy breaches, and how companies are recognizing this new area of risk and their obligation to mitigate through increased security, contractual provisions with service providers and vendors, and through insurance.

This session will be led by:

Murn Meyrick Senior Vice President, Corporate Counsel

Murn Meyrick is the Senior Vice President, Corporate Counsel at Executive Risk Insurance Services where she manages all legal matters and is responsible for business development.

Prior to joining Executive Risk Insurance Services, Murn was Senior Vice President of the Executive Risk Practice Group at Willis Canada.

Formerly a Senior Claims Attorney with Chubb Insurance Company of Canada, and litigation counsel at Zurich Canada and Dutton, Brock, LLP, Murn brings over 20 years of litigation, negotiation and mediation experience.

Course Leader: Duncan C. Card

Partner/National
Co-Chair
Bennett Jones
LLP

Duncan Card is one of Canada's leading information technology and e-business lawyers. Duncan's transactional practice includes outsourcing, ERP transactions, all forms of IP commercialization, tech transfer, IT goods and service procurement, and all related contract drafting and negotiations. 2008 is Duncan's 11th year of inclusion in the prestigious ranking of Lexpert® magazine's and American Lawyer Media's ranking of the Top 500 Lawyers in Canada for both the IT/Computer and Technology categories. Duncan has been ranked in Lexpert®'s directory as one of only three lawyers in the highest ranking category of "Most Frequently Recommended" IT and Computer Lawyers in Canada; he has been cited as one of the world's leading technology lawyers in Euromoney's Guide to the World's Leading Technology, Media & Telecommunications Lawyers (UK publication); cited as one of the top Internet lawyers in the world in the independent, International Who's Who of Internet and E-Commerce Lawyers (UK publication); and included in Legal Media Group's Guide to the World's Leading Media & Telecommunications Lawyers. Duncan is also included in the Lexpert® Guide to the Leading US/Canada Cross-Border Corporate Lawyers in Canada.
